

The Australian National University (CRICOS Provider Number 00120C)

The Australian National University is one of the world's most highly respected universities. It has been consistently ranked as Australia's leading university by the *London Times Higher Education Supplement* and *The Shanghai JiaoTong University, Institute of Higher Education*.

As Australia's national university, we set the standard in research, education, and public engagement on issues that affect the nation, and the world. Discovery, critical inquiry and intellectual discourse are the cornerstones of our research work. Our students learn new skills and ways of thinking – abilities that will be critical in their academic and professional lives.

Our international reputation for research excellence means ANU alumni are welcome everywhere. They are regarded as having well-developed communication, teamwork, analytical and problem-solving skills, and the confidence to apply them creatively.

Graduate research students also benefit from our international network. Our membership in the International Alliance of Research Universities allows us to offer exchanges and summer schools with some of the world's leading research universities: ETH Zurich; National University of Singapore; Peking University; University of California, Berkeley; University of Cambridge; University of Copenhagen; University of Oxford; University of Tokyo and Yale University.

ANU is committed to providing the best research training and supervision for graduate research students. Our programs are tailored to meet the needs of specific discipline areas and research fields. Students are supported by supervisory panels of scholars, whose areas of expertise align with student's topic areas. Ongoing monitoring ensures graduate research students get the support they need and complete their degree in a timely manner.

ANU has seven Colleges made up of the research and education Centres, Schools and Faculties that contribute to the various broad disciplines. The ANU Colleges link research and teaching at all levels and provide the foundation for excellence.

- ANU College of Arts & Social Sciences
- ANU College of Asia & the Pacific
- ANU College of Business & Economics
- ANU College of Engineering & Computer Science
- ANU College of Law
- ANU College of Medicine, Biology & the Environment
- ANU College of Physical Sciences

ANU offers a dynamic academic and social life. We offer an extensive range of student support services including award-winning Academic Skills and Learning Centre.

Our parklike campus is located next to the city of Canberra, the political and administrative centre of Australia. Unique among world capitals, Canberra is a small, vibrant city nestled amongst some of the country's most beautiful natural environments.
