

Monash is one of Australia's and the world's most prestigious universities and is an acknowledged leader in education of international students. The international student experience is vital to Monash life – both in terms of the number of students who study abroad as part of their Monash education, and those from abroad who come to Monash.

Monash has more than 55,000 students including 17,000 international students from more than 100 different countries.

Monash University, as part of a broader agreement with Universities Australia and the Government of the Republic of Chile, welcomes applications from students holding a scholarship under the Becas Chile scheme

How Monash ranks

Group of Eight

Monash is a member of Australia's Group of Eight (G08) universities. The G08 is a coalition of leading Australian Universities intensive in research and comprehensive in general and professional education. Collectively, the G08 is responsible for over 80% of university-based research in Australia.
